

Looking for services? You have big decisions to make

Most of us prefer to live in our own homes for as long as possible, but sometimes a move to Long Term Care or Seniors' housing becomes necessary. This is never an easy decision for the senior or for the family.

We want to help you make the right decision, so we welcome your questions. This brochure is a start. As well, we have an extensive web site at www.nisbetlodge.com.

One valuable step is to arrange a tour. Although all placements for long-term care start with the Toronto Community Care Access Centre (CCAC), a tour can be a very helpful part of your decision.

Making a long-term-care facility into a real home for elders is a complex challenge. Nisbet Lodge has earned its reputation in the sector and the trust of its residents and their families by setting high standards for everyone involved and working to achieve them.

Thank you for your interest in Nisbet Lodge. Contact us any time. High-quality care begins with your first inquiry – and we are here to help.

Nisbet Lodge
A caring home for seniors

Compassionate care for a fuller life

We offer care that meets the needs of today's seniors, in a Christian environment. We value the total individual, caring for the physical, recreational, emotional and spiritual needs of those entrusted to our care.

Within provincial criteria for homes like ours, Nisbet Lodge is open to all. We are committed to providing compassionate care for a fuller life.

With 103 beds, we are large enough to offer a wide range of programs, services and activities, while providing a warm, friendly and home-like atmosphere.

We are conveniently located across from the Pape TTC Subway Station, at Pape and Danforth in the city's east end.

Our accommodation

We offer private, semi-private and two-bed basic accommodations.

- ❖ Private accommodation is one person to the room with a private washroom
- ❖ Two-bed basic and semi-private are shared rooms, with a common washroom which consists of a toilet and a sink.

All rooms offer comfort and convenience. Rooms are furnished with a bed, dresser, and night table. (Residents may also bring in their own furniture, if appropriately sized to the room).

All bed linens and towels are supplied.

Making Nisbet Lodge a home

Residents are encouraged to bring some personal belongings – a favourite chair, photos or a painting, a chest of drawers – whatever safely fits that can help make Nisbet Lodge their home.

Great care is taken with clothing and other personal belongings, with menus and services, to support as many personal choices for each resident as possible.

Most important, our staff know each resident by name and are familiar with their habits and preferences. If you overhear a conversation, you'll be struck by the balance of professionalism and friendly knowledge that makes Nisbet Lodge a welcoming and high-quality home.

Collaborating with residents and families

Residents and families are encouraged to ask questions and make suggestions for Nisbet Lodge: we actively seek input, informally from individuals, and through both a Family Council and a Residents' Council.

Their voices are an important ingredient in ensuring the relevance and effectiveness of decisions made within Nisbet Lodge.
